Clubs/Academies can participate in modified exhibition games, tournaments and leagues under the following conditions:

- For **Outdoor and Indoor Soccer**: Multiple teams, from different Clubs/Academies within the same region can form groupings of no more than 50 players to participate in a league or sanctioned competition, as per the current government order. Note: Upon any further government order changes to player size, membership will be advised accordingly.
- The total number of **spectators** permitted to be at the facility, at any one time, must be limited to the number that can maintain a physical distance of at least two metres from every other person in the facility, and in any event cannot exceed:
  - i. 50 spectators for indoor competitions.
  - ii. 100 spectators for outdoor competitions.
- It is highly recommended, if modified games are taking place, that a **field marshal** be appointed to ensure compliance with social distancing rules and safety protocols. The field marshal should be a recognized authority within the soccer organization.
- As part of this enhancement, teams must observe a minimum of 14 days of “Team Isolation” after completing competition against a current grouping of teams (a “bubble”) before playing games within a new team or groupings of new teams outside the current “bubble” of teams.
- During the “Team Isolation” period, only activities within the team can take place (i.e. training, inter-squad games).

Organizations are now encouraged to review the changes in full, which are now part of the [Return to Play Guide and Plan](#) (pages 8-10 and 18-19).

The Return to Play Guide – Phase 2 also includes details on conducting: Exhibition Games, Tournaments / Festivals, League Play and Trials and Open Evaluations.
