- b) OSA Published Rules are available on the OSA website: <http://www.ontariosoccer.net/governing-documents>

If you require further assistance, please contact the EODSA office.

Please note; most forms referred to in the text (they are underlined) can be accessed on the EODSA website under the “Forms” tab on the Home Page.

1. REGISTRATION POLICIES

- 1.1 Each Club must elect/appoint a Club Registrar. The Club Registrar will be the ONLY contact with the District Registrar for the purpose of registering all Administrators, Coaches and Players from his/her club.
- 1.2 Failure to appoint a Club Registrar will result in the failure of the Club’s Registration being processed.
- 1.3 Every person involved in any soccer activity must register with the Ontario Soccer Association (O.S.A.) through the Eastern Ontario District Soccer Association (E.O.D.S.A.). This includes Administrators and Coaches as well as Competitive and Recreational Players (including Club League Players). Please note that Administrators include Club Executive Members, Team Officials (excluding coaches) and all club and team personnel. This applies to the indoor season as well as the outdoor season. Everyone must be registered **before** they participate in any soccer activity in order for O.S.A. insurance to be effective.

A Player is registered only after his/her Indoor/Outdoor registration has been processed by the Ontario Soccer Association (O.S.A) database and has been assigned an “Effective Date of Registration”. The effective date of registration for is the day the registration data is entered in the O.S.A. computerized database system. In addition, players and team officials shall be issued an “O.S.A Identification Card”. This ID Card is required at every game.

The only exceptions are:

- a) Local League (House league) games, if the Club has waived the requirement.
- b) Grassroots (U9-U12) Development League games.
- c) Grassroots Festival games if Festival has waived the requirement.

Please note that the player is considered to be registered but not eligible to play unless he/she is able to present a valid ID Card when requested.

Until a registration has been processed by the O.S.A. Registration database, that Registrant is not eligible to play in any sanctioned soccer game.

- 1.4 Failure to register can be subject to discipline action.

- 1.5 All clubs are responsible for registering their Club Officials, Team Officials, and Player in the O.S.A. Registration Database and must complete a registration Form and OSA Waiver: [Under 18 / 18 +](#)
- 1.6 All Club and Team Officials must complete the O.S.A. [Administrator Registration Form](#) or a Club Administrator Registration Form provided that the District Association has approved the form.
- 1.7 All Players must complete a [Player Registration Form](#) that complies with the O.S.A. "Minimum Requirements for a Player Registration Form" and has been approved by the District Association.
- 1.8 All Coaches must complete an O.S.A. [Team Official Registration Form](#) or a Club Coach Registration Form provided that the District Association has approved the form.

Please note that according to O.S.A. Published Rules all teams must be assigned a Coach.

10. RECOMMENDED PRACTICE ON THE KEEPING OF RECORDS

- 10.1 Based on two lawsuits, the O.S.A.'s Insurer's lawyer is advising that O.S.A. that all documents should be filed and retained for a period of **six years**. Since a person can launch a lawsuit up to six years after an incident it is vital that certain documents be stored for a six-year period. This includes;
- a) Player registration forms (saved by the organization which data enters registrations into the database).
 - b) Coach registration forms (as above),
 - c) Administration registration forms (as above)
 - d) Referee administrator forms (saved by the OSA)
 - e) Special incident reports * (saved by the League and in the case of a Club League, by the Club)
 - f) Game official assault report forms (saved by the District Association),
 - g) Any game sheet involving a serious incident or serious injury to a player (saved by the League and in the case of a Club League, by the Club),
 - h) Findings and decision from a discipline hearing, which involved a serious incident or serious injury to a player (saved by the organization conducting the hearing).

* Please note that a referee must always complete a Special Incident Report if there was a serious injury at the game. The Special Incident Report is submitted to the league and league officials review it. Afterwards, it must be retained for the six-year period.

Retaining these records for a period of six years is mandatory. When a plaintiff seeks damages the claim usually involves the Club, the Coach, the opposing Club, the opposing Player, the League, the Referee, the District Association and the Ontario Soccer Association. In order to properly defend all of these individuals and organizations, the above documents prove to be very valuable in establishing the facts surrounding the incident.

For those Clubs and Leagues that currently do not have records dating back this is not a retroactive policy.
